Hotel License Food Service Acknowledgment

I understand that in order to obtain and maintain a Hotel license, I must meet the following requirements (as outlined in WAC 314-02-0411, WAC 314-02-035, and RCW 66.24.590).

- A hotel licensee must serve at least four complete meals to hotel guests, or any other patron of the hotel who is offered alcohol service for on-premise consumption at a food outlet, on the hotel premises. Food outlets include room service, banquets, bars/lounges, restaurants, or coffee shops.
"Complete meal" is defined in WAC 314-02-035.
 - Complete meal means an entree and at least one additional course.
 - Complete meals must be prepared on the hotel premises.
- The menu, including complete meals as defined above, must be available to hotel guests and patrons offered alcohol service.
- Ingredients required to maintain and serve complete meals must be located on the licensed premises, and must be edible.
- Licensees must maintain complete meal service for a minimum of five hours a day between the hours of 11:00 a.m. and 2:00 a.m. on any day that liquor is served.
- Minimum food service must be available during hours of alcohol service when complete meal service is not offered. Minimum food service includes items such as hamburgers or fry orders. Snacks such as peanuts, popcorn, and chips do not qualify as minimum food service.
- Hours of complete meal service must appear on the menu. For all other times when alcohol is being served, but complete meal service is not available, details must be posted on the premises or on the menu regarding what hours complete meal service is unavailable, and what hours minimum food service is available.

I certify by my signature below, that I meet the above requirements.
